Or from some other cause. Isaac pro-
duced this and stated that therefore
having not been in the office only
one year and that since the death of his
Eldest brother Joseph proda he was holding
the office -

Harvey the Auditor, reported that,
as the village was small containing only
seven families, without any debts and
yielding a rental of only \$5.00 and that
there was no necessity for the appointment
of two men to conduct the duties of the office. See Auditor's report No. 10 of 2-2-65.

Since then Joseph proda continued in
office and died on 5 September 1855.
After his death the Auditor, having
reference to the previous dispute, issued
notice for the appearance of Isaac and 5-
the office and some having come forward
with their claims, recommended the deceased's
son Joseph proda for the office and the In-
superintendent acceded to the
wishes of the town No. 53 of 10-3-66. See Isaac's report No. 10 of 1867.

Subsequently, Joseph proda again petitioned
the Insuperintendent in 1867 and it was
referred to the Auditor, who reported that
petitioners for the said Joseph proda's father
were brother and as such the petitioners
were rejected by the office and that if
decided, he would not be put in possession
of the matter and would proceed in the usual
manner.

Some founda deposited to the effect
that in petitioning to the decision that
the office of Potele was not found
an endorsement to the effect that the
founda were, received amalgamating the
Hants Potele with the other Poteles, that
during the early years the Poteles were separated
from the village and that accordingly
separate Poteles were appointed for the
Hants Potele. That the present
dispute has arisen from the fact that in
1863, when it was decided that one Potele was
sufficient for the franchise as small. But since
the franchise of the village has been
increased to 1000 and since it would be
difficult for one man to manage the collection
the Potele having the franchise and since he
is for different villages and since he
was chosen to be the Potele he began
to read the founda and he appointed
as joint Potele. This was on the 1st of
January in the decision for report.

On the 5th day of the decision was made
Lichner to be the Potele. The founda were
found and founda before him. The
depositions were taken on the 1st of January
of the 1st of January. That, in fact, the
descendant of the Potele - branch of the family
and the Potele and the village having been
separated the Potele of the Potele was not the

conferred on him - and the former stated
that they were learning that his father was
killed off the hill and the village for
years, that after his death he succeeded in
and that the Mission was the deprived of them.

The Council reported that in 1867 on the
complaint of some persons that the village
it was stated that only one child was saved
and the person was returned in 1867 - that
the hill and the village were lately separated;
that the person was reported to be dead in
his work (see the report of 6-7-87)
and that therefore the petitioners were
not to be appointed to the hill and the
person to the village as they were appointed
to the hill by the petitioners.

Whereupon the Dy. Commissioner on the
20th February 1888. in his 30.600 that the
existing arrangement should continue till
after the trial of the case.

On the 20th February 1888 the proceedings
were submitted to the Dy. Commissioner when
at the time of the trial of the case. The
Dy. Commissioner stated that the petitioners of
both the village were only the hill and that
the person was all along the hill and
if there was to be the hill and the person
could not be made to be the hill and the person
the person is to be made for the hill. The
Commissioner observed that in 1867 the person stated that
the existing arrangement of was the hill

the person should be made to be the hill
on the hill and that there was not a

Boje founda, who was not doing his duty
willingly and well, should be deprived
of the office of Pet. of the House in which
he had been appointed temporarily and
in his stead since founda, who was, known -

provision. After the lapse of a year a report
should be submitted as to how the work
was discharged and final report obtained
in the matter.

Boje founda submitted petition on the 7th

against the above order and the permanent
Dy. Commissioner having sent for the records

Government of Mysore

Sir,

With reference to Period Memorandum N^o 1264 dated 9/14th June 1893, forwarding for report petition from Boge Gowda of Betta-Boge Village regarding his claim to the Patali of Kalahantha, I have the honor to submit herewith the entire Vernacular record ending with Arkulgaud Amildar's report N^o 104 dated 7th 109th ultimo and to report as follows:—

2. - That before the Survey Settlement Betta-Boge and Kalahantha formed one Village. Here Gowda and Basre Gowda were jointly doing the duties of the Patali. Here Gowda becoming lame, Basare Gowda

Baoregon-da did the duties of the office of patal.
On the death of Baoregon-da ^{his son, Boregon-da} (appellant) was
appointed in his stead. In 1863 Munggon-da
son of Verégon-da complained that his father
Verégon-da was the patal and that therefore his
name also should be registered as patal. The
Amildar after making necessary inquiries
in the matter reported that there was no necessity
for the nomination of two patals, as the village
and its revenue were small. An order was issued
that only one patal was sufficient. Boregon-da
was appointed sole patal and Munggon-da's
complaint was rejected.

3 - During Survey Settlement, Kalahanthra
was separated from Bettadoge and formed into
a separate village. In January 1884, the Amildar
reported that there were six Hanthas in his Taluk
and that during Survey Settlement these Hanthas
were made into six different villages being
separated from the villages to which they were
belonging before Survey and that the patails
of the villages proper who were doing the work of these
Hantha villages also were not discharging their
duties satisfactorily and that therefore separate
men should be appointed for each of the Hanthas.
Thereupon the Deputy Commissioner ordered
that the patail of the village to which the Hantha
belonged

he found the house in a very bad condition
when he visited the place during his jamabady
and recommended Boregon-da alias Annegon-da
for the patelship of Kalahantha. Thereupon
the ^{then} officiating Deputy Commissioner ordered that
Boregon-da alias Annegon-da be appointed as
patel for Kalahantha as Boregon-da was appointed
experimentally and did not discharge his duties
satisfactorily during that period.

Thereupon the Amildar was directed to report what orders had been passed on the petition of Kausi Sowda in 1863. The Amildar on the 12th October 1867 reported that on Enquiry no orders seemed to have been passed at all in the matter and recommended the appointment of a separate Potel for the Haula as the previous Amildar omitted to include the Jamabandi of the Hala which amounted to Rs. 858/8/6 which ~~would~~ would make the total Jamabandi of the Village Rs. 973/14/11 and as the Rayats paying this amount lived in four separate villages and the duty of collection devolved upon one man.

It was ultimately decided on 29th September 1868 that one Potel was quite sufficient. Vice copy of records submitted by Amildar.

On the 16th January 1887 the Amildar reported the receipt of a notice intimating the division of lands under the two Halas of Krishnarajakatte into Six Haulas (of which Bellalose Hala Haula was one with separate Jamabandi and Potel) amount for each Haula - and the collection work were being performed by the Potels of the respective villages to which the above Haulas formerly belonged and recommended the appointment of qualified men as Potels for each Haula or one for each of the two Haulas.

Several petitions were received for
the offices of Potel of these Hautas and the
Dy. Jurni-pinner in consultation with
the Amildar ordered to appoint some of
the Potels of those villages of which these
Hautas formed part, as Potels of these
Hautas also as an Experimental
measure - Vide Hukum No. 1241 of 15 February 1887.

The Amildar in giving effect to the
above order reported in his No. 1665 of
10th March 87 that Kalena halli Hanta
was known in the Accoun to as Bellalope
Nala Hanta and that in anticipation
of sanction he nominated Bolefoda
Potel of Bellalope as Potel of the Hanta also.
The Dy. Jurni-pinner in his No. 1432
of 17 March 87 accorded sanction to this
also as an Experimental measure.

On the 3rd July 87 Bolefoda represented
to the Dy. Jurni-pinner that he had
been discharging the duties of the office
of Potel of the Hanta for a long time,
that he was informed by the Amildar
in his Hukum No. 961 that he was appointed
as Potel of the Hanta temporarily and
requested that he might be confirmed.
This was on the 4th idem forwarded to the
Amildar for report.

On the 4th July 87 Bolefoda alias

Sufficient ground for the removal of the
Potel.

On the 8th August 88 the Amildar reported
in his no. 269 that the Potel was not exerting
himself in collection and other works, that
as the work under the deamed, which is of
a length of 15 miles, such as clearing rubble,
repairing lands together with the work of the
Village, could not be performed by one man
it was desirable to have two Potels, one for
the Village and the other for the Gaunta, and
that Amalsoda alias Eresoda being the
Halkdar, might be appointed to the Gaunta
and Bose Souda to the Village.

On the 30th June 89 the Dy. Commissioner
ordered in his no. 136 that it was in suf-
ficient grounds ordered that two Potels
were unnecessary, that if the present Potel
was found inefficient he should be dis-
missed and another qualified man among
the Halkdars might be appointed, that if
he considered that two Potels were absolutely
necessary a genealogical table of the Halkdars
with their respective qualifications as well
as an Extract of the Barabalu's register
should be submitted and that the present
Potel Bose Souda should be warned that
if he did not discharge his duties properly
he would be dismissed the service and
another appointed in his stead.

On the 7th January 90 the Amildar sum-
moned Bose Souda and Eresoda to appear
before him and on the 14th February they
were examined as to their genealogy, which

was furnished by Bole Borda and acknowledged
to be correct by Ereproda alias Anne Borda.

The Amildar in submitting the above papers
reported in his no. 723 of 2^d April 90 that large
portion of collection was outstanding, that
as Bole Borda's time was fully occupied by
the work connected with the Village itself
and as ~~so~~ he was slack, it would not be
possible for him to conduct the work of the
Village and the Haula together and urged the
necessity of appointing a separate man
for the Haula just like other Haulas in
Krisnaraaja Katte and recommended the
nomination of Anne Borda.

Whereupon the Dy. Commissioner in his order
no. 36 of 16th April 90 observed that it was already
settled that there was no necessity for two
Potels for the Village, that it was understood from
his report that the ~~as~~ main ground for the
present Potel's unfitness was owing to large
outstanding and directed that it should be
explained of what duration the above
outstanding was together with the statement
of the Potel - that the fiscal table did
not mention whether Potel Bole Borda had
or had no sons and if he had, their qualifications
should be reported.

On the 4th July 90 the Amildar in forwarding
the statement of the Potel reported that Bole Borda
had five sons, that the large portion of the
outstanding at the end of March last having
been collected during the last month on his
personal demand when at Krisnaraaja Katte
there was still a balance of Rs. 62 and odd ~~still~~
due for the Haula, vide list attached, and the
Potel was strictly ordered to collect it and that

11
But he was not confirmed as alleged by him. As the principal duties of a Poteh Sah as collection, repair of roads &c. were not carried out by him properly during his probationary period and the same was being reported by successive Amildars since 1888, he was deprived of his temporary appointment and Erespora alias Ambaroda a member of his family, was appointed on probation in his stead - vide this order No. 66 of 31-7-92. His petition is rejected as there are not sufficient grounds to interfere with the case so disposed of previously.

This order was delivered to the Petitioner on the 5th February 93 and he handed over the maps &c. to the Shikdar on the 15th March 93 in compliance with his demand in obedience with the Amildar's order No. 69 of 15 August 92.

Against the above order the petitioner has appealed on the following grounds.

1. That the petitioner is the Hakdar Poteh of the Haula and as such is entitled to be retained in office -
2. That the Comdr. petitioner has no right whatever to the Poteh -
3. That the order of the Dy. Commissioner is not supported by the records.
4. That the Dy. Commissioner has not correctly understood the records of the case.
5. That the order of the Dy. Commissioner

is opposed to law and natural justice. . .

In 1887 Bagegowda alias Annegowda brother of Kungegowda petitioned both to this office and to the Taluk that his father Veregowda was the Patel of the Village before survey settlement, that the complaint of his brother Kungegowda for the claim of pateli in 1865 was rejected on the ground that the gamabundy of the Village was small, but that as the Village and Hantha have been formed into separate Villages during survey settlement, he may be appointed as Patel of Kala Hantha. The Amildar in his order N° 1020 dated 22nd September 1887 reported that Bagegowda alias Annegowda is also a hukdar to the pateli and that both the Appellant and Bagegowda alias Annegowda may be appointed as Patels, one for the Village and one for the Hantha. He was directed that the existing arrangements should not be disturbed till it is found that the pateli duties are not discharged satisfactorily. The Amildar in 1888 made a report that the appellant ~ Bagegowda

Bogegowda was not exerting himself in
Collection work, that the work of the channel
(which is of a length of 15 miles) such as clearing
rubbish repairing bhands &c together with the
work of the Village could not be performed

have two patels one for the Village and one
for the Hantha and that Bogegowda alias Anne-
gowda being also a hukdar to the pateli, he
appointed to Hantha and Bogegowda to the
Village. The Amildar was ordered that as the
jamabandy of the Village and Hantha amounted
to only Rs 1500 two patels were not necessary
and that Bogegowda should be warned to
clear up the arrears of Revenue viz 300. The
Amildar again reported that the Bhands
were not kept in good condition and that if
Bogegowda failed to get them repaired he
would select and report a competent person
among his sons for the pateli of Kala Hantha.
Upon this the Amildar was directed to select
a competent hand in a divided branch
of the same family as appointing one of his
sons for the pateli of Hantha would ^{not} be a
punishment to Bogegowda for his negligence
to do his duty. The Amildar made a report

Prays that this office order
in Revenue Appeal No. 75 of 1892
